The Meeting To-Night!

The Tax-Payers of Milwaukee, and all others, who are friendly to the true interests of our City, are invited to meet at Albany Hall, *to-night*, to take action in regard to the exorbitant taxes of the current year. It cannot be necessary to do more than call attention to this meeting. The call addresses itself to all who wish well to Milwaukee. The time has come when we must retrench and reform, or bankruptcy, individual and municipal, must be our fate. Come then, *one and all*, to the meeting *to-night!*

The State Canvass.

From the Madison papers of Tuesday evening, we learn that the official canvass was completed on that day, two tabular statements having been made and signed, one without, and the other with, the five Jefferson or Dodge towns, and the Adams County supplements. The figures which we gave yesterday constitute the legal canvass, electing the officers as before named, to wit:

Governor—A. W. Randall, Republican.
Lt. Governor—E. D. Campbell, Democrat.
Secretary of State—D. W. Jones, "
Treasurer—S. D. Hastings, Republican.
Att'y General—G. Bouck, Democrat.
Superintendent of Instruction—L. C. Draper, Democrat.
Bank Comptroller—J. C. Squires, Democrat.
State Prison Commissioner—E. M. Macgraw, Republican.

The total vote for each of the candidates, by Mr. Kuehn's statement, which includes the supplements, is as follows:

Rep.		Dem.	
Governor—Randall,	45,050	Cross,	44,941
Lt. Gov—Schurz,	44,854	Campbell,	45,073
Sec. of S—Thomas,	43,947	Jones,	46,886
Treas—Hastings,	45,064	Habich,	44,949

Bank C—McGregor,	44,972	Squires,	45,853
Sup't—McMynn,	45,204	Draper,	45,309
St. P. C—MacGraw,	44,758	McGarry,	44,499
MAJORITIES.

Hastings over Habich,			65
Bouck over Jackson,			778
Draper over McMynn,			748
Squires over McGregor,			1,188
MacGraw over McGarry,			251

Taking the above as the total vote in the State, the average Republican vote is 44,664, and the average Democratic vote 45,280. The several candidates stand on their respective tickets, over or under the average, as follows:

Randall, over	395	Cross, under	339
Schurz, "	180	Campbell, under	227
Thomas, under	737	Jones, over	1,100
Hastings, over	400	Habich, under	281

"Democratic" Opinions.

The Janesville *Standard* says in relation to the President's argument in his message about Kansas affairs:

We fail utterly to see how the arguments there urged can be "so strained from their fair use" as to sustain in the most remote degree the conclusions to which the President apparently arrives.

The Madison Patriot says that the views of the message—"such as they are—if any are expressed—relative to Kansas are so vague, indefinite, truckling and spiced with such unreasonable special, not to say double pleading, but little is left to encourage the truly National Democrat, who has looked to the sage of Wheatland as the exponent and embodiment of that wise and patriotic policy, &c., &c.

The Patriot further proposes to read Mr. Buchanan out of the party! Hear it:

If the President really intends to carry out what appears to be his position on this question, why, let us read him out of the party. If such a ground is seriously taken, the Northern Democracy is doomed. They can't stand the shock a single hour. The masses will desert the party as rats do a sinking ship.

☞ Hon. WILLIAM BEBB, Ex-Governor of Ohio, now a citizen of Winnebago County, in Illinois, has been indicted by the Grand Jury of that County for manslaughter, for shooting dead one of a charivari party at his house last spring, on the occasion of his son's marriage, an incident with which our readers are familiar.—Gov. BEBB has engaged Judge WM. JOHNSTON and Hon. THOMAS CORWIN, of Ohio, to defend him.

THE GOVERNMENT SPY.—The Washington correspondent of the N. Y. *Times* says:

Gentlemen, recently arrived here from Kansas, confirm the statement that Henry L. Martin was a secret agent of the Administration there, to counteract the efforts of Governor Walker, in behalf of a full submission of the Constitution to the people of the Territory. They say that the Governor had secured a clear majority of the Convention in favor of the submission, when Martin arrived, and, by his semi-official representations as the attorney of the President, influenced the course finally resolved upon—or, rather, induced the Calhoun Party in convention to present to the Elmore Party the alternative of a submittal of the Slavery clause alone, or the submittal of no part of the instrument.

WHAT ELSE WOULD BE EXPECTED.—The N. Y. *Evening Post* thinks that the muddy notions of the President about "domestic relations" are just what might be expected from such an old fogy bachelor. It says:

"Great allowances ought unquestionably to be made for the ignorance of a man, who, at the age of seventy or thereabouts, has never been a father or husband. But when Mr. Buchanan takes upon himself to assertin a message to Congress that Slavery is the only domestic relation about which the people of a new State ought to be consulted, it is high time that position be taken against electing old bachelors to the Presidency."

TO THE PUBLIC.

It is proper that the public should know that, owing to the impossibility of obtaining correct reports by telegraph, and being determined that our readers should be thoroughly posted, we have been compelled to establish a Pigeon Express, at an expense of $150,000 per annum, bringing us news faithfully and promptly. We are determined to spare no expense, particularly in these times when money can be picked up in the streets, and everybody pays. If the sum named will not answer, we are ready with a million. Our expresses are admirably arranged, and well trained.

The *Sentinel* is the oldest paper in the city, has a much larger circulation than any other, and of course is the best medium for advertisers. It gives all the space for reading matter which it can possibly spare, and makes no exclusive pretensions to being a "family paper," leaving its readers to judge of its quality in that respect as compared with others.

THE FILIBUSTERS.—The Galveston *News* says:

There are now seven hundred men enlisted in Texas as emigrants to Nicaragua. So far as known they already muster as follows:

Place.	Commandant.	Men.
Houston	Capt. Hal. Bunnels	100
Austin	Capt. McEachern	70
Brazoria	Capt. Phelps	40
Powder Horn	Capt. Henry	75
San Antonio River	Capt. Perry / Capt. Stribbling	100
Unknown	Capt. Morsely supposed	50
"	Capt. McIlhenny	75
"	Capt. Moore	30
"	Capt. Keys	60

Most of these will soon leave for Nicaragua, and the rest will follow with but little delay. Of course nothing has yet been heard from Gen. Walker since he left, but news will be received from him by the 1st of December, and no doubt accounts will show him to be in possession of all the ports on the San Juan river, as there were no forces there to oppose him.

Of course the Government know nothing of this open recruiting, any more than it knew of the sailing of the expedition from New Orleans! And yet the Message is full of *professions* of neutrality and justice.

CHINESE SUGAR AND MOLASSES.—Some of the experiments in the crystallization of the syrup of the Chinese sugar cane have been successful.—One of the most extensive sugar manufacturers in Philadelphia has made very nice dry sugar from the juice of the cane, and gives it as his opinion that the cane will yield 1,000 lbs. per acre, which is equal to $50 per acre.

Mr. Jacob Clarke, of Clarmont county, Ohio, has manufactured 2,840 gallons of molasses from twelve acres of the Sorghum. He has had ten of the seventy-one barrels refined by a sugar refiner of Cincinnati, and it meets with ready sale at 60 cents per gallon. The quality is pronounced excellent—as good, or better than the best New Orleans. At 60 cents per gallon, the product of twelve acres of ground for one season will be $1,700.

THE BADGER STATE.—The Buffalo *Express* pays the following compliment to Capt. Cross and his fine vessel:

BARQUE BADGER STATE.—This fine clipper arrived here Friday evening from Milwaukee, with a cargo of wheat, having made the run in six days, and beating two propellers from two to four days.

Great credit is due Capt. Cross—who by the way is one of the most skillful seamen on the lakes and a perfect gentleman besides—for making a trip at this season of the year: many predicted when he left Milwaukee that he would be unable to accomplish the trip. But where there is a will there is a way, and Capt. Cross was bound to come through. Success to Capt. C. and his noble vessel.

WELCOME HOME.—Hon. A. W. RANDALL, the Governor elect, on his arrival at Waukesha yesterday, was greeted by his old friends with a hearty congratulation on the result of the canvass, and the cannon roared a loud salute in honor of his victory.

Fatal Accident.

TAMAQUA, Pa., Dec. 14.

Col. Wynkoop, late U. S. Marshal for the Eastern District of Pennsylvania, was accidentally killed while gunning near this place, yesterday. He was hunting pheasants, in company with his servants, when a gun in the hands of one of the latter was accidentally discharged, and the load took effect in Col. Wy'n-kp. He died in half an hour afterwards from the effects of the wound.

Mr. Wynkoop was a Colonel in the Pennsylvania regiment of volunteers, in the Mexican war.

WORTH KNOWING.—Prof. Wood, whose advertisement will be found in another column, has discovered a remedy for the gray and bald, which is at once practicable and cheap. It requires no dying, no wig, or extraordinary trouble. There can be no doubt whatever of its efficacy. We have seen testimonials almost without number, and from men of great intelligence, high standing and moral worth.

Those who have been bald for years are now wearing their own hair, and appear ten years younger than they did six months ago. As in most cases grey hairs and bald heads are both premature and unnatural, it is a duty to remedy them by the natural and undoubted means which Prof. Wood has invented, and now kindly offers to the afflicted. Read his advertisement, try his wonderful remedy, and give the Profess new testimonial. —*Memphis Whig.*

CITY MATTERS.

DISTRESS AMONG THE POOR.—The *News* copies a portion of the communication of Rev. Mr. Pedelupe in our issue of Tuesday, and says:

We do not doubt but the City Missionary penned his communication to the *Sentinel* in good faith; we do not for a moment doubt that he is in every way a worthy man; but we doubt the truth of the picture. We do not believe there is a "nursling" in this city that "finds blood where it should find milk;" we do not believe that there is a laboring man in Milwaukee who has this winter, or ever has in Milwaukee, "shed tears at seeing his children die for food, or a "mother that sees her four children without nourishment in such an awful moment."

The statement is wrong. We do not like to see it go abroad as a picture of Milwaukee. It is unjust to the city. An almost slander upon the people of Milwaukee. The people of Milwaukee do not, and never have, waited for such scenes ere they "raised their voices in behalf of the Poor."

The suppositions of the local of the *News* amount to nothing as opposed to the statements of cases occurring under the observation of a man like Mr. Pedelupe. The "statement," the missionary informs us, is right, and might have been made stronger. And the fact that such cases exist, in these times, is no disgrace to our city, unless they go unrelieved after they are discovered. There are many proud hearts, doubtless, in our city, which battle stoutly against physical privations, and will not tell their troubles; they would rather starve than beg. It is only by bringing home to our people, who are liberal enough, the fact that there is need, that relief will come.

Let us add one word more. Many are willing to give something to help along operations at the Soup House, where nearly 200 were fed yesterday, but few like to send a *little*. Let such but consider that "many a mickle makes a muckle," and little drops of water fill up the mighty ocean. Let them send along whatever they have. The "widow's mite" was not unwelcome, but was the greatest gift of all.

A USEFUL CHART.—We have seen and examined a beautiful and very full chart of the animal kingdom, prepared by an accomplished and scientific lady of New York, (MRS. A. M. REDFIELD,) and published by Messrs. E. B. & E. C. KELLOGG. It has been prepared with great care and labor, showing the classification of animals as adopted by the most authentic writers on that subject.—The whole is so arranged as to present to the eye at once a large amount of information that could otherwise be obtained only by much patient study. An agent (Mr. F. CANCON of Racine) is now canvassing the State with a view of introducing it into the schools. It is well recommended by persons competent to judge in such matters. The Committees of the several schools in this city and in Racine have already subscribed for this chart, and we hope to see it introduced into the schools, and into the houses of such as can afford it, generally.

A LIVELY SCENE.—Market Street, between Division and Knapp, presented rather a stirring appearance yesterday morning. For one entire block the sidewalk and about half the street was so completely covered with marketables of every description, that it was with no small degree of difficulty that the *Deutche* house wives with their market baskets could navigate through them.—This part of Market Street has of late become a very favorite spot for marketing purposes. We can not well imagine an article of family marketing that could not be found on this street yesterday, and all seemed to be disposing of their saleables rapidly. We counted over twenty-five wagons standing upon the side of the street, some loaded with beef, pork and mutton, which they were retailing upon the spot, and others with fowls, fruit and vegetables. There was quite a large crowd gathered there, and the whole presented a very animated scene, and compared with the quiet of this place, the contrast was remarkable. Most of those doing business there appeared to be Germans.

BALL OF ENGINE CO., NO. 5 TO-NIGHT.—The sixth annual ball of Ocean Engine Co, No. 5, it will be remembered takes place this evening at the Republican House. We are informed, and have no doubt that it is so, that no exertions have been spared on the part of the members to make this one of the most agreeable parties of the season, and we hope it may prove that their endeavors to make the ball a good one have been appreciated, by seeing a rousing turn out to their party to-night. It is quite unnecessary for us to say anything about the efficiency of this Company, and the claims, which, with the entire Fire Department, they have upon the public.

A NEW MARKET HOUSE.—We notice that a new market house has been erected within the last three or four days in the first ward. It is situated upon Division street between Market and East Water streets. We believe it has been put up by private enterprise, and although of not very imposing architectural appearance, yet, there seems to be a flourishing business going on there. It is a long building divided into stalls occupied by butchers, fowl and vegetable dealers. Passing that way yesterday, we noticed quite a crowd there, buyers and sellers, all apparently as busy as they well could be.

THIEVING.—Yesterday afternoon a bouncing-looking German girl, about 19 years of age, named Wilmina Mersche, was arrested by policeman Gruber, in the 6th ward, for stealing some articles of clothing from another girl—both were servant girls, we believe. When Wilmina discovered that the policeman was after her, she made tracks for safer parts, and very nearly escaped. He discovered her, however, before she had gone far, when a lively chase ensued, and for several blocks the girl kept at considerable distance ahead of him. Seeing no hope of escaping, she finally surrendered not however until the policeman was pretty well tired out.

POLICE COURT, DEC. 16.—Mary Keefe and Owen Oleson were fined $1 each for intoxication.

DRUNK AND DISORDERLY.—Joseph Frey fined $10 and costs, and John Hunter $5 and costs.—Daniel McCauley, charged with being disorderly, was discharged.

ASSAULT AND BATTERY.—Edward Garsl was sentenced to 20 day's imprisonment in county jail for committing a brutal assault and battery.

PROTESTANT ORPHAN ASYLUM.—We learn that the Annual Festival for the benefit of the Protestant Orphan Asylum is to take place at Albany Hall on the evening of the 29th. We do not doubt that it will be one of the pleasantest gatherings of the season, and the proceeds provide liberally for that excellent charity.

CHESTNUT STREET BRIDGE.—The Chestnut St. bridge has been removed to make roote for the one which is now building. While the new bridge is being put up, a floating bridge has been put across the river a few rods below the situation of the old one, for the accommodation of foot passengers.

THE FIREMEN.—Supply Hose No. 1, and Rough and Ready No. 4, are making great preparations for their annual Balls which take place, the former on New Year's eve., and the latter on the 22d.—Both companies are made up of good boys, and they deserve "bumpers" when their Balls take place. We are confident they will get them.

GAME.—Messrs. Barnett & Haines at the City Lunch, on Market Square, have just received a fine lot of prairie chickens, partridges, quails, &c, in good order, which they will sell cheap.—Epicureans take notice.

SOUTHERN WIS. R. R.—The southern branch of the Mil. & Miss. R. R. is now completed to within a mile of Monroe, and the trains will run into the depot this week. The people of Green County have nobly aided the company in these trying times, and will doubtless reap the reward of their perseverance.

HOLIDAY GOODS.—Of course every body is cogitating about these times, as to what kind of a Christmas present he will make to this, that, and the other friend. We know of no place where a finer assortment of fancy china goods, and silver plated ware can be found than at the City Crockery Store of Mr. M. G. Elmore, No. 155 East Water Street.

FANCY GOODS AT REDUCED PRICES.—Mamas, papas, aunts and uncles, and all other present making individuals should bear in mind, that Messrs. Blair & Parsons, No. 164 East Water Street, have procured a large assortment of fancy goods expressly for the holidays, which they are selling at very much reduced prices for cash. In these hard times, it is an object to buy everything—holiday gifts included—as cheap as we can.

Hog Market.

CINCINNATI.—The improved feeling noticed in the market for hogs on Friday, was again manifested on Saturday, and a further advance was established in prices, closing at $5,55@5,60 for good and extra heavy lots. This was owing to the continued light receipts, the supplies on Saturday, as on Friday, comprising a few hundred head only. The feeling, however, at the advance was not buoyant. On the contrary, there manifested a disposition to withdraw, while there were anxious sellers for delivery during the latter week, or later, at $5,50. It was evident the market was not firm or reliable; and that under favorable circumstances, prices would again give way.

Quite a number of Eastern operators arrived on Friday and Saturday, and all the leading markets are now pretty well represented. These gentlemen, chiefly, continue to maintain the character of lookers on, adhering to the low views with which they left home. Some of them propose to visit Western markets, where real money is said to be scarce, and if the sight of gold will induce parties to sell hogs at comparatively low prices, they will probably invest.—*Gazette*, 14th.

Marine Intelligence.

SCHOONER RADIANT.—Considerable anxiety has been felt, says the Oswego *Times*, for the safety of the schr. *Radiant*, Capt. Carey, which cleared from Toledo, 18th November, for this port, but as no intelligence of her whereabouts has been received, there is no doubt but that she foundered in the terrific gale on Lake Erie soon after she sailed. Among the seamen on board who resided in Oswego, were—

James Barrett, who leaves a wife and two children;
Philander Lee, wife and one child;
Adam Plendarielith, wife and one child;
Capt. Carey, who resided at Clayton, leaves a wife and four children.

The *Radiant* was a new vessel of about $10,000 valuation, but not at Clayton, and was owned by Capt. Carey.—She was insured $7,500 in the Northwestern. Her cargo of wheat, which was consigned to Rawson & Co., and Ames & Sloan, was also insured.

WASHINGTON, Dec. 16.

Gov. Walker will, according to the assertions of his most intimate friends, soon withdraw altogether from the Governorship of Kansas, and will, when tendering his resignation to the President, state his reasons for this course, designing however, not to use any language which may have a tendency to disturb their friendly relations.

Judge Douglas' bill, although similar in its details to that of Mr. Toombs', contains the additional clause that the Constitution, when framed by the Convention, be submitted entire to the people.

Senator Gwin has had a large number of letters from California, in which the writers express an intense interest to be mustered into the service of the United States against the Mormons, who, it is mentioned, have emissaries throughout that State, and are thought to be meditating serious mischief.

Some of the Senators are preparing speeches on the Kansas question.

Mr. Davis of Indiana will offer a resolution as soon as he can get at the floor, authorising the Speaker to appoint a Committee of nine to report on a Pacific R. R. Bill. Mr. Savage of Tenn., has a bill prepared, and will introduce it to-morrow, if possible, granting pensions to the officers and soldiers of the war with Great Britain in 1812, and those engaged in Indian wars during that period.

Instructions were to-day sent by telegraph to the collectors at New Orleans and Mobile, and the District Attorneys of Louisiana and Alabama to use all means in their power, according to law, to prevent the departure of any hostile expedition against Central America. Instructions have also been given to prosecute the steamer Fashion as soon as she returns to the United States.

The frigate Jamestown will immediately leave for San Juan, and Capt. Chattard, of the Saratoga, who permitted the Fashion to enter the harbor of San Juan and to pass under his stern, and there land the filibusters, will be immediately recalled and succeeded by a more energetic officer.

Special instructions to the commanding officer of the troops in Kansas, directing him to cotogether a sufficient military force at every election precinct in the Territory, where there is any likelihood of disturbance, and that no organized force, accidental or premeditated broil, shall prevent the full and free vote of the people. The troops will act upon the requisition of the civil authorities.

No decision will be made by the War Department upon the plan of the campaign against the Mormons, until General Scott arrives, which will be in the course of a fortnight.

NEW YORK, Dec. 16.

The *Times* has a letter from the camp of the army of Utah, dated Hame Fork, Green River, October 28th, being ten days later than Col. Johnson's despatch. On the 26th a party of 100 mounted volunteers under Capt. Marcy, while exploring the country, and only two miles from the camp, came upon a party of fifty-five Mormons, whose captain declared it to be the purpose of the Mormons to resist any attempt on the part of the United States troops to advance, and also that it was by Brigham Young's orders that the trains had been burned. After a while the Mormons were allowed to move off unmolested.

WASHINGTON, Dec. 16.

The House met in the new Hall. A communication was received from the clergymen of Washington, tendering their services to open the daily session with prayers. Amidst much confusion the members proceeded to select their seats by scattering.

NEW YORK, Dec. 16.

Cesares Delafiguire, late Portuguese Consul to this port, has been transferred by his government to a consulship in Denmark, in the port of Holstein. This vacancy thus created is to be filled by the appointment of Thomes Ribero Des Santos, formerly Consul at Maranham, in Brazil.

The *Post* learns that the sum subscribed to the Illinois Central loan up to this noon, by parties holding the optional rights, amounts to one million dollars. The preference given to these rights ceases to-day.

The Washington correspondent of the *Post* says that Henry Gilpin, of Philadelphia, is talked of for Minister to England.

ST. LOUIS, Dec. 16.

The St. Joseph *Journal* announces the arrival of Capt. Warren B. Hayden, of the geological survey sent to explore the country between Dacotah Bay to the head waters of Running Water; also, the arrival of Maj. Dennison, Indian Agent, with ten chiefs and five braves of the Pawnee tribes, en route for Washington to ratify the treaty recently made.

MILWAUKEE:

THURSDAY MORNING, DEC. 17.

VOTE OF NEW YORK CITY.—Besides the satisfactory result on Mayor, at the late Charter Election in New York City, the official canvass shows a most gratifying increase in the Republican strength. The vote for Alms House Commissioner, a fair party test, (the Democrats, Republicans and Americans running separate candidates,) thus compares with previous elections:

Nov., 1856.		Nov., 1857.		Dec., 1857.	
Fremont	17,571	Clapp	12,415	Smith	38,032
Fillmore	17,921	Putnam	8,464	Wagner	16,923
Buchanan	41,918	Tucker	81,618	Degro	49,34

Republican gain on Fremont's vote, 6,211; on Clapp's, 10,567.

The *Tribune* remarks as follows upon the above figures:

"The Democratic majority over the Republican vote of this city was in '55 for Buchanan 24,142; in Nov. '57, for Tucker, 24,403; in Dec. '57, for Degro, 18,358. Republican gain since the Presidential election—5,784. And this gain does not result from a falling off in the adverse vote, but from an increase in our own. It took place moreover, at a time when it could not possibly be attributed to any feverish interest in "bleeding Kansas."

The total vote polled, at the late election, was *eighty-four thousand and sixty-five*, much the largest ever cast. The *Express* and other papers charge that Mayor WOOD received at least five thousand illegal votes—but even this did not save him.

Profession vs. Practice.

The Secretary of the Navy says:

"If any unlawful expedition from the U. S., against Nicaragua, Costa Rica, or Mexico, shall succeed in effecting a landing, it will be because it has been able to elude the vigilance of the squadron."

Very well *said*!

The telegraph reports as follows:

Gen. Walker landed at Punta Arenas, on the 25th of November, with 160 men, entirely unmolested. The Fashion passed under the stern of the Saratoga, at full speed, with only ten men on her deck, and landed the whole party at Scott's Wharf. Walker sent 50 men up the river by different entrances.

Remarkably well *done*!

CHURCH AND STATE.—The good people of Putnam county, Tennessee are contemplating a practical union of church and state, as announced in the following item in the Cookville *Times*:

We are pleased to learn that an arrangement is made to complete the new Methodist Church in this place, so far as to be able to hold the ensuing session of the Circuit Court in it. This is very important for the interests of our county.

The Nashville *Banner* says that a friend who practises somewhat in that region pronounces this a deep laid scheme to get the lawyers of that city inside of a church, all other means having failed. He anticipates a very indignant set of gentlemen when the scheme is discovered.

Delivery of Letters in Cities.

The present Postmaster General is trying to establish the very desirable system of frequent delivery of letters in the cities, by means of carriers. Arrangements are made by which the system is now in operation in New York, Philadelphia and Boston. Mr. Brown says:

On all letters through the mail the carriers receive two cents each for delivery, and on drop letters one cent. I had hoped to be able to reduce the delivery fee to the uniform price of one cent; but this was found impracticable in New York and Philadelphia, inasmuch as the law requires that the entire cost of delivery shall be defrayed out of the carriers' receipts. In Boston, where all the districts are comparatively densely populated, one cent a letter is made to pay.—The postage on drop letters, including the carrier's fee, is now two cents; and upon the improved plan now adopted for their delivery direct from the main office, or the nearest station as the case may be, it is fully believed that the public convenience will be fully subserved.

The Postmaster General recommends that the Department be given authority to make the rate one cent a letter, whether the receipts pay the carrier's expenses or not. He promises to extend the operations of the system to the principal cities of the Union.

VIRGINIA OYSTERS.—Gov. Wise, of Virginia, gets up a splendid programme for the oyster trade of that State. He says the State possesses an area of about 1,580,000 acres of oyster beds, containing about 784,000,000 of bushels of oysters, and he proposes to confine the oyster catching business to citizens of the State exclusively, and to charge three cents a bushel for all the oysters taken, which he estimates would yield a revenue of $480,000 annually; he would have a flotilla of four steamboats employed to protect the oyster beds from piratical intruders.

The Governor estimates the four steamers to cost $60,000, and that $20,000 a year will maintain them. Besides watching the oysters he proposes that the steamers shall perform police duty in guarding the coast against the stealing and running away of slaves.

Great Governor Wise.

Voice of the Kansas Press.

From the Leavenworth Journal:

If the Press of the Territory be an index of public opinion, then we are safe in saying the Lecompton Constitution will meet with but little favor at the hands of the people.

Out of about twenty papers published in the Territory but *one* favors the adoption of the Constitution, and out of four Democratic papers published in Leavenworth County, three, the *Citizen Pioneer* and *Journal* oppose, while the *Herald*, edited by a member of the late Convention, supports the same.

The Press and People of Kansas are almost a unit in their opposition to the *bogus* Lecompton Constitution. And yet the National Democracy and the Federal Administration are intent upon compelling the adoption of this instrument—Kansas has been the scene of many outrages, but the one now in contemplation transcends them all.

REPAIRING JUSTICE.—Since the election of Mr. Tiemann as Mayor of New York, workmen have been employed in cleaning and painting the Statue of Justice which crowns the cupola of the City Hall. A large quantity of verdigris had accumulated in the scales. These being cleaned, and Wood finally got rid of, it is thought that matters at the City Hall will be much improved.

STEAM FERRY-BOAT INTERNATIONAL.—The Buffalo *Commercial Advertiser* says that this boat has been put into service by the Buffalo and Lake Huron Railroad Company, for which it was built. It adds:—"A good idea of her carrying capacity can be formed when we state that forty car loads of freight placed the other day upon deck, scarcely made any change in the depth of water drawn. At another time she brought over 2,000 live hogs, and a considerable quantity of other freight. She is the next step to a bridge."

SHOOT THE DESERTERS.—The New York *News*, the organ of the defeated Wood party in that city, demands that the Administration shall not stop with the removal of Dist. Attorney McKeon, and that it shall execute summary vengeance upon all employees of the Government who opposed Wood. It says:

The Administration owes it to itself, to the party, to the prevalent and unanimous sentiment in the Democratic ranks, here, to make an example of these traitors. If it would save and rescue New York—the citadel of the Northern National Democracy—from being overwhelmed by Black "Republicanism," if it would restore harmony, life and prestige to our party—if it would establish a discipline such as "no army in the face of the enemy" can dispense with—if it would at once punish defection and reward devotion to our cause, its principles and its candidates—it should "shoot the deserters!"

TO THE PUBLIC.

COMPTROLLER'S OFFICE,
Milwaukee, December 14th, 1857.

How stands the record? "Figures won't lie" is a true and venerable axiom, and as Mr. EDWARDS has seen fit to impugn the veracity, of my statement made to the public, through the press, I avail myself of the same medium to reiterate what I have already said; and mindful of the truism quoted above, rely solely on figures for my vindication.

Soon after entering upon the duties of my office, not having been furnished with a balance sheet of the city accounts, and no Comptroller's report having at that time been issued, my attention was called to the books, to ascertain the position of the different accounts. It was necessary that a balance should be effected, by correcting all errors, so that I should be only responsible for my own omissions; but having ascertained that an efficient accountant had been employed by the late incumbent, for some months prior to the expiration of his term of office, to effect this, and without success on his part, I was compelled to ask the Council to authorize me to employ some person to assist me in the examination. After four weeks of close application, in which time all of the entries for the three previous years were examined, the errors were found and a balance sheet taken; but this balance did not give an exhibit of the true state of affairs of the city, and bore no resemblance to the Comptroller's printed report, subsequently issued. It was impossible for me to learn how a report could be made, unless the City Books contained the original; but this mystery was soon solved, by ascertaining that most of the items were copied from the books of the Treasurer, and in proof of this, I will now state, that the City Books showed a balance against Treasurer KUHNS of $131,735,11, and the report exhibited the correct balance of $18,820,22 paid over by him to his successor, SCHWARTING. If this was the only discrepancy between the report and the books, the late incumbent might be excused, on the ground of his having more confidence in the Treasurer's department than he had in his own; but when I assert that scarcely a solitary account can be found in that report, being a true exhibit, he can offer no excuse for his negligence; if he had not the capacity to fill the office, he should have employed an efficient assistant.

It is to be supposed that the books of the city should exhibit its liabilities and assets, but how can they be ascertained if the most important entries are omitted? Bonds were issued and not entered. Comptroller's notes for a large amount were drawn and negotiated, without even a memorandum to show for what purpose they were given, and the Bond Book contained but an incorrect account of the time of the maturity of the Bonds and Coupons. It required nearly six months of close application on the part of my assistant, with my own occasional attention, to glean from the Treasurer and City Clerk's books since 1854, the true condition of the affairs of the city. Every account had to be changed by making upwards of *fifteen thousand* different entries, extending over one hundred folio Journal pages. In view of these facts let us examine and see how many entries it was necessary to make, in order to balance the late treasurer, Mr. KUHNS's account with the city.

First Sundry entries amounting to			$94,955,02
Second,	"	"	12,573,28
Third,	"	"	188,074,78
Fourth,	"	"	21,680,58
Fifth,	"	"	10,877,33
Sixth,	"	"	18,330,22
RECAPITULATION.			
Dr. Entries—Bal.		$131,735,11	
		94,955 02	
		12,573 28—	$238,963 41
Credit Entries		$10,877 33	
		188,074 78	
		21,680 58	
		18,330 22—	$238,963 41

In the above debit entry of $94,955 02, is included five Comptroller's Notes, discounted at the "State Bank of Wisconsin," amounting to $40,000, of which no entries had ever been made upon the books of the city.

In the amount of $188,074 78, we find the sum of $33,080, deposited in and indebted to the several Banks, to pay Interest Coupons, and the Banks had never been credited for the same when the vouchers were returned.

Also amount paid County Treasurer, State Funds	$22,155 30
Also amount paid County Treasurer, Co. Orders,	23,195 61
	$45,350 91

By examining the books, they will show that in order to balance Mr. KUHN's account, it required the entry of 2,751 different items.

No account had ever been opened on the City Books with the present City Treasurer, his receipts and disbursements amounting, in the aggregate, to *one million and seventy one thousand, four hundred and fifty-three* 96-100 *dollars!* from the time of his entering upon his office, to March 26, 1857.

Comptroller's Notes, to the amount of $90,000 had been discounted, and the proceeds placed in the hands of the Treasurer, which had never been entered upon the City Books. *No account had ever been made of the taxes levied*, or of the interest and discount paid.

City and School Orders and Street Commissioners' Certificates, paid by the Treasurer, amounting to $242,995,87, had not been entered to their respective accounts. No exhibit was made on the books of the city of the delinquent taxes remaining in the hands of the Treasurer, amounting to $148,859,50. Interest account had never been charged with payment of $29,205.

On the 10th of May, notice was received at this office, that four notes notes executed by the late Comptroller, amounting to $20,700, would mature on the 22d inst., and payable at the American Exchange Bank, New York, and for which it was necessary to provide. On examining the books in the office, no record could be found, when, or for what purpose the notes were given. But without further detail, I leave the community to judge whether the books were "full and complete," when Mr. JOHN B. EDWARDS retired from the office of City Comptroller.

The Comptroller's report, for 1857, did not show the true indebtedness of the City and Wards, for it only contained the current expenses, without making an exhibit of past indebtedness. Consequently, a heavy floating debt has been incurred, of which the property holders and citizens had not been informed, and which has served to swell the taxes of the present year.—It is not my intention, at this time, to make an official report, but at the close of the fiscal year, figures will corroborate and verify the foregoing statement. But, Mr. Editor, too much space has already been occupied in opening the first seal, but if called upon again, a still larger space will be required in opening the seventh seal, when all things will be revealed.

E. L. H. GARDINER,
City Comptroller.

GRAND RAPIDS, WOOD COUNTY.—The *Reporter* says that the village of Grand Rapids contains 145 dwellings, 13 stores, 6 hotels, 6 saloons, 4 blacksmith shops, 2 tailors do., 1 shoemaker's do, 1 wagon do., 1 cabinet maker do., 1 carpenter's do., 3 justices, 2 law offices, 1 doctor, and 3 saw mills. It reckons up the population at 1,196, and expects 3,000 by the census of 1860.

CAPITALS.—The Madison *Argus* has a capital paragraph, stating that the capitals to the columns of the new Capitol at the capitol are "to be carved from solid blocks of Prairie du Chien stone, each containing over 165 cubic feet, and being when finished seven feet square on the upper surface, by four feet deep, elegantly and elaborately wrought after the pure Corinthian style of architecture."

☞ The grape growers of the West are about receiving large accessions to their numbers from Europe. A vessel arrived at Philadelphia a few days since from Genoa, bringing one hundred and twenty-five passengers, who all come to this country with the intention of proceeding West and engaging in the culture of the grape with a view to the production of wine.

The President and Kansas.

The views of the President, as expressed in his message, are not regarded as favorable to a peaceful settlement of affairs in Kansas. His determination to support the bogus constitution, is now indisputable. The removal of Stanton is of itself undeniable evidence of this fact. How any man in his senses, and one occupying the position of Mr. Buchanan, could arrive at such a conclusion, with the entire history of the Kansas difficulties before his eyes, and the monstrous frauds upon the elective franchise which have occurred since he has occupied the executive chair, is passing strange. Throwing aside the previous bloody record of this territory, and admitting that the outrages may have been exaggerated, how is it possible that the President can sustain the acts of the pro-slavery in Kansas, when one of the roughest, illiterate and most notorious political hacks in the country, Gov. Walker, was forced to decide against his villainous frauds in the recent election, and was compelled to declare that even he could not suffer such barefaced shameless outrages as were perpetrated at the Oxford and McGee precincts? And this, too, after he had decided that the soldiers of the army of the United States would be entitled to the right to vote in the territory. Why was it that Shannon resigned? He, of all men, was best qualified, from his utter want of integrity and principle to carry out the views of his master, and yet he was compelled to tacitly admit that it was too much for him.

Reckless, remorseless and degraded as he proved himself to be, he could not stand up to the slaughter of his fellow-citizens, the confiscation of their property, and the violation of every law, human an divine, which was manifested by the first hatchers who invaded Kansas. Geary, too, who had been raised a slave-driver, who approved heartily of the peculiar institution, and who was prepared to do what "man else do," was not sufficiently inhuman to meet the approbation of the nullifiers—their orders and their acts horrified and disgusted him, and he fled from the territory.

We need not allude to Reeder, as his was a similar case. At last Walker, the pet of the south, volunteers his services—and he, too, fails and flies; while his more stalwart secretary stands his ground—makes a fight for the rights of a majority of the people, and is removed for his show of justice.

Now, can it be possible that all these men, originally chosen, as the executioner is chosen—could have been deceived as to the true state of things, and voluntarily abandoned the National Democracy in Kansas, without just cause? With these lights before Mr. Buchanan, who can explain the reason of his persistence in forcing upon any portion of his fellow-citizens, a government against which a large majority of them are unalterably opposed, and the injustice of which has been admitted by every United States officer who has governed in Kansas?—*St. Louis Democrat.*

TEST OF FIRE-ARMS AT WASHINGTON.—The Secretary of War, members of the British, French and Austrian Legations, officers of the Army and Navy, with many distinguished civilians, were present on Wednesday of last week, at the Washington Arsenal, to witness experimental tests of inventions of great importance.

A patent train-fuse, invented by Gomez & Mills, appeared to possess all the advantages of the galvanic battery in velocity of ignition, while, as it is not detonating, it cannot be exploded by any chance blow. Cannon were fired with it almost quicker than thought, at a long distance, and it was fired thirty yards under water.

Hole's improved rocket was also satisfactorily tested. The rockets were fired from their carriage, and struck with remarkable accuracy at a distance of 950 yards.

The great feature of the exhibition, however, was the test of the breech-loading rifle of Mr. Morse, of Louisiana. The Secretary of War used one with great effect, hitting a mark at eight hundred and fifty yards' distance. The facility with which it can be loaded and fired was also demonstrated, and the utility of the weapon was more fully shown by placing it under water, letting it remain there, and then firing it. It was also placed under water when loaded and then fired; neither did the admixture of sand with the water clog the movement of the lock.

HEAVY MAILS.—On Tuesday night of last week, *fifty-eight* bags of mail matter were received at the post office in this city. Since the 10th ult, the receipts have averaged upwards of twenty-five bags daily. From St. Paul, as many as twenty-eight bags have been received at one time; by the cars the number has reached as high as forty-two. Remarkable as are these receipts, they are no more worthy of comment than the promptness with which the mails are made up. Arriving in the evening, on no occasion has a bag been suffered to remain in the office beyond the departure of the first mail.—*Prairie du Chien Leader.*

SOUTHERN BLACKGUARDISM.—The Washington correspondent of the Richmond *South* makes the following blackguard attack upon the venerable Mr. GIDDINGS, of Ohio, who, as the oldest member of the House of Representative administered the oath of office to Col. OSB, the new speaker:

"It was a spectacle, as it struck your correspondent, more curious than agreeable, the administration of the oath of office to the distinguished Californian by that hoary-headed traitor, Giddings of Ohio, who, as the oldest member of the House, performed this office for the Speaker.—The yellow-hided old Abolitionist, with his vulgar, sensual face and his broad haunches, looked lustier than ever and likely to last the session through without any more dramatic swoonings on the floor, unless some one should undertake to *Summerise* the old wretch."

LARGE PANTHER SHOT.—Mr. S. P. HERT, of Appleton, in a hunting expedition on the 22d, found that his dog had brought to bay a large panther. He fired and broke the creature's fore leg, and, loading again immediately, succeeded in despatching him at the next shot.

Border Ruffian "Psalm of Life."

BY STRINGFELLOW.

Tell me not in canting numbers,
Earth was made for Liberty,
For the seed of Freedom slumbers,
And slaves are not to be free.

Chains are real, stripes are earnest,
And become the Ethiop's back;
Free thou art, and free remainest,
Never was spoken of the Black.

Not enjoyment, nought but sorrow
Is his destined end or way;
His to work that each to morrow,
Finds us richer than to day.

Life is short, and time is fleeting,
And no longer pent nor brave,
On the negro's back were beating
Dig-ee o'er dead Freedom's grave.

In the moral's great field of battle,
In the bivouac of life,
Spare not the dumb, driven cattle,
Make them bear the brunt and strife.

Trust no slave; they're always stealing,
Thousands northward now have sped—
Watch! watch! for they all are feeling
Heart within and God o'erhead.

Lives of blood hounds all remind us,
We can make our hounds sublime,
And departing leave behind us
Blood tracks on the sands of time.

Blood-tracks that perhaps another,
Running from his master's chain,
Seeing e-cape and great brother,
Seeing, may run back again!

Let us, then, be up and doing,
With a heart for any fate,
Still on living, still pursuing,
Learn to plunder and to prate.

How to Pack Poultry.

Messrs. Drew & French, wholesale country Produce Reporters for the N. Y. *Tribune*, having received a great number of inquiries about how to prepare poultry for market, carefully prepared the following directions:

First: Give no food for twenty-four hours previous to killing. Food in the crop is liable to sour, and always injures the sale. Purchasers object to pay for undigested food.

Second: "Sticking" in the neck with a penknife is the best mode of killing. If the head is cut off the skin recedes, and the neck bone looks repulsive.

Third: Most of the poultry coming to market is badly "scalded," or "wetpicked." "Dry-picked" is preferred, and sells a little higher, other things being equal. Great care should be taken in picking, to remove pin-feathers and to avoid tearing the skin, particularly upon the legs where it is most likely to be broken. If properly scalded it looks best.

Fourth: The intestines should not be drawn. After picking, the head may be taken off and the skin drawn over the neck bone and tied.—This is best, though much comes with heads on.

Fifth: Next in order, it should be "plumbed" by being dipped about two seconds into water nearly boiling hot, and then into cold water about the same length of time. Some think the hot plunge sufficient without the cold. It should be entirely cold, but not frozen before being packed. If it reaches market sound, without freezing, it will sell all the better.

Sixth: For packing, if practicable, use clean hand-threshed rye straw. If this cannot be had, wheat or oat straw will answer, if clean and free from dust. Place a layer of straw at the bottom of the box, then alternate layers of poultry and straw—taking care to stow snugly, backs upward, filling vacancies with straw, and filling the packed up the cover will draw down snugly upon the contents. Boxes holding not over 300 lbs., are the best packages.

Seventh: Number the packages; mark the contents of each on the cover; place the invoice of the lot in one package, marked "bill," sending duplicate by mail; direct plainly to the consignee, placing the name of the consignee in one corner.

Common sense attention to these rules will often insure twenty-five per cent. higher prices than poultry of the same value originally will bring if slovenly dressed and packed, and carelessly directed, and stupidly forwarded as often happens.

To bring the highest quotations, poultry must be good and well-handled.

"I think the following," writes a friend in Maine, "too good to be lost," we think so too:

"One evening, not many years ago, while our Supreme Court was holding its session in Somerset County, some of the legal brethren were warming their legs before a blazing fire in a rural tavern, and conversing upon various matters pertaining to the profession. B.J. Bacon, whose long silence indicated that his mind was in travil with some great thought, broke out by asking if any of his brethren could relieve him from his trouble.

"'I wish,' said he, 'to commence an action against a boy who was caught stealing apples, I find no case of the kind in any of our reports, and I am at a loss for a precedent.'

"The landlord overheard the question, and informed the verdant youth that he know a case just in point.

"'Ah!' said Bacon, 'in whose reports shall I find it?'

"'In Webster's,' said the landlord, gravely.

"'Webster's reports!' replied Bacon. 'Well, now you speak of it, I do think I do remember something like it there. Do you know the volume?'

"'Yes, I do; I have a copy in the house if you would like to see it.'

"'I would be greatly obliged to you for it, as I have left mine at home.'

"The landlord stepped out, and soon returned with Webster's Spelling Book! and, turning to the story, 'An old man found a rude boy on one of his trees, stealing apples,' passed the book to his legal friend, who threw it into the fire, in the midst of roars of laughter, and speedily made his disappearance."

REDUCTION IN THE PRICE OF THE
BADGER STATE SAFES!

NOT TO BE SURPASSED in any respect by any safe manufactory in the whole country, we have just completed our arrangements for manufacturing the

BADGER STATE SAFES,

Upon a larger scale than we have ever done heretofore by the introduction of new machinery, and by increasing our manufacturing facilities,

FIRE & BURGLAR PROOF!

Our SAFES, as is well known, are more substantially constructed, and more handsomely finished than any other safe manufactured in America, and consequently it has cost us more in getting up our safes than any other manufacturing establishment in the country. But, notwithstanding this, we are now enabled to offer our safes to the public at

AS LOW PRICES!

As any other safes manufactured. The following are the former and present prices of some of our safes:—

No. 1 Badger Safe, present price,	$125,	former,	$150.
" 1½ " " "	160,	"	195
" 2 " " "	200,	"	225
" 3 " " "	275,	"	300

and so on.

The severe tests which the Badger State Safe has stood, both in this city and elsewhere, establishes its proof against fire and water for the protection of valuables.

CALEB WALL'S ADV'TS
CITY AUCTION ROOM.

City Auction Room.

I GAVE NOTICE in Monday's papers last week, that I had a large stock of Dry Goods from N. York, from Sixth Avenue, No. 824, corner of Twenty-first st. The goods are all from New York, and no other place; and as regards the goods, there are not many fancy ones so much the better. They are plain, substantial goods, which we all want every day to our families. The goods are now all opened in the store on the west side of the river, formerly occupied by J. L. Pierce, where they will remain for thirty or sixty days. It is no intention of mine whatever to open a retail store, although I have as much right to do as I please, as any one else has to do as he pleases. I have heard that several of our merchants complain that I am injuring the trade by selling goods to low. I would kindly say to those merchants that the goods are all paid for, and if they will come and purchase them of me at a reduced price, I will give them credit, provided they can give me good paper, endorsed six and twelve months; or I will sell the entire stock out, which amounts to twenty thousand dollars, on the following terms: One-fourth cash in three months—balance in one, two or three years, with seven per cent. interest, secured by a mortgage on property in our city. But I shall continue to retail the goods until they are all sold, and I would say to all of our citizens to call and get retail bargains. There is every kind of goods you want at thirty per cent less than ever sold in this city before. Mr. Ayres has the entire charge of the said goods. I attend to all auction business at the old corner, and will give it that strict attention I always have done. Any one having stocks of goods to sell, I am ready at all times to purchase the same. Call on me.
dec5 CALEB WALL, City Auctioneer.

City Auction Room.

SIX VALUABLE and very desirable lots in Sherman's Addition, I now offer and will sell at Public Auction, at my Auction Room on Wednesday, Dec 16th, at 10 o'clock. The following are the Lots:—

Lot 11, 14, Block 15.
" 7, 10, 11, " 21.
" 7, " 8.

The said lots are 50 feet front, and 120 feet deep, twice the size of lots that have been sold off in new additions. Sherman's Addition is a desirable and busy spot. If any one has a stock of Dry Goods, or Groceries, or Books and Shoes, or Hardware, or Furniture, I will exchange and pay the balance in cash. The title to said Lots are perfect. No mortgage on them or sold at auction. The terms of sale will be a half cash, balance in one year with six per cent interest.
